Sub: Reaching out to every child through activities of Red Ribbon Club (RRC) and Adolescent Education Programme (AEP) to be conducted by ASACS.

Sir/Madam,

This is in reference to the subject cited above, this is to inform you that India is committed to 'Ending the AIDS' epidemic as a public health threat by 2030 in line with Sustainable Development Goals (SDG). The National Strategic Plan for HIV/AIDS and STIs 2017-2024 has already been implemented and the current seven years are, therefore, critical.

Continuous and sustainable work towards HIV awareness and Intervention will result in substantive gains towards 2030, hence Assam State AIDS Control Society, ASACS being the nodal agency to ensure the same, has conducted regular activities among all the students of the Institutions like quiz, poster making, extempore speech and many more under the national campaign of "Azadi ka Amrit Mahotsav" and for which the department has well supported.

ASACS, will ensure that each and every child is reached out at the early stage itself so that information can be well delivered and myth and misconceptions can be corrected among the young citizens of the country. Hence, we have planned to conduct a 90 minutes session with the students from class IX to XII in each school and with the first-year students in colleges (both Govt and Private owned, along with the Technical institutions) wherein there will be a pre and post questionnaire session also in 5 schools and 5 colleges in each month in each district in a continuous mode starts from FY 2022-23.

In this regard, you are hereby requested to share the list of all the Schools, Colleges and Technical Institutions and **also issue necessary circulars** to all, so that the District AIDS Control Officer (DACO) of Assam State AIDS Control Society, may follow up with the respective institutions in their districts for conducting the session.
