Dated: 13th July 2021

Dear Colleague,

As you may be aware, next year our country will commemorate 75 Years of Independence. In this context, the Government of India desires to build the concept of New India @75 with efficient, transparent and accountable governance. In the development of New India@75, every Department and Institution is taking certain initiatives which would contribute in bringing change for the development of New India

The National AIDS Control Organisation (NACO) is planning to contribute by engaging adolescents and youth of select government schools and colleges at the state and district level through online engagement and mobilization. This would inculcate safe behavioural practices and reduce the menace of stigma and discrimination related to HIV and comorbidities.

This engagement will be in the form of awareness campaigns in phased manner. NACO will launch these awareness campaigns in three phases. During each phase, it is proposed to mobilize 25 schools and 25 colleges in each state. A minimum participation of 50 students per school and college is anticipated during the online event.

Implementation plan for India @75 and guidance note for awareness generation campaigns for each theme i.e., HIV, TB, and Blood donation is enclosed.

You are requested to kindly facilitate the same by issuing necessary directions to the concerned officials. I am sure, under your guidance the state will put best foot forward and achieve these milestones.

With regards,

Enclosed: 1 & 2

Your sincerely,
