Sir/Madam,

Sub: certificate issued by Range Officers in respect of Paper Mills-reg.

Complaints have been received in this office, alleging that the Range Offices of Excise department have been issuing excise certificate to Paper Mills regarding installed production capacity, raw material used, production and clearance details etc., although there are no guidelines or norms to determine the nature of raw materials or production capacity. It was alleged that such certificates are being issued, in exchange of bribe, as per the requirement of paper mills to enable them to secure tender for paper supply. The complainant also alleged that such certificates are being issued by the Range Superintendents at Saharanpur (Meerut), Guwahati (Assam), Amlai (Jabalpur) and Ludhiana, which gives monopoly to any bidder. A copy of such certificate is enclosed.

2. It is requested that if any such practice of issuing certificate to Paper Mills by Range Superintendents is being followed in your zone, necessary instructions may be issued to refrain from doing so.

Yours faithfully,

Mihir Kumar

Sub: To promote procurement of Recycled paper and avoid incorporating restrictive conditions like "paper made using virgin pulp" paper in the interest of saving environment and preservation of forests - regarding.

Sir,

The Ministry has received a request to promote procurement of recycled paper and avoid incorporating restrictive conditions such as insisting on paper made by using wood, bamboo or agro based pulps which are virgin pulp, in tenders for procurement of writing and printing paper.

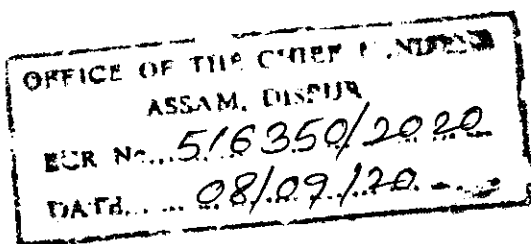

The matter has been examined in the Ministry. The Ministry is of the view that recycled paper helps to preserve forests by avoiding cutting of trees. Besides, recycled paper has less pollution potential compared to paper made from virgin pulp.

In view of the above, Ministry of Human Resource Development and State/UT Governments are advised to consider purchasing papers for printing of educational text books and for other purposes made from both recycled paper as well as virgin pulp such as wood, bamboo or agro based material.

Yours faithfully,

(Rohit Tiwari)
